London TDM

Finance and Accounting

Course Venue: Malaysia - Kuala Lumpur

Course Date: From 15 February 2026 To 19 February 2026

Course Place: Royale Chullan Hotel

Course Fees: 6,000 USD

Introduction

In the fast-evolving world of finance and accounting, digital transformation represents a shift from traditional processes to innovative technology-driven operations. This 5-day professional course is designed to equip finance and accounting professionals with the knowledge and skills necessary to navigate and leverage digital tools and strategies effectively. Participants will explore transformative technologies, understand their impacts, and develop actionable plans for implementing digital strategies in their organizations.

Objectives

- Understand the key concepts and benefits of digital transformation in finance and accounting.
- Explore emerging technologies and their applications in financial processes.
- Analyze the impact of digital transformation on regulatory compliance and risk management.
- Develop digital strategies tailored to organizational needs.
- Learn how to foster a culture of continuous innovation and improvement.

Course Outlines

Day 1: Introduction to Digital Transformation
