# Project Management Training Courses

**Course Venue:** Malaysia - Kuala Lumpur

**Course Date:** From 15 February 2026 To 19 February 2026

**Course Place:** Royale Chulan Hotel

**Course Fees:** 6,000 USD

## Introduction

Project Portfolio Management (PPM) is a vital discipline in achieving strategic objectives by selecting and managing a portfolio of projects and programs that align with an organization's goals. This course provides an in-depth understanding of PPM principles, helping professionals optimize resource allocation, enhance project selection, and improve overall business performance.

## Objectives

- Understand the core components and benefits of Project Portfolio Management.
- Learn to align projects with business strategy and organizational goals.
- Develop skills to effectively manage and prioritize a portfolio of projects.
- Gain expertise in risk management and resource optimization within a portfolio context.
- Utilize tools and techniques to measure and analyze the performance of a project portfolio.

## Course Outlines
