

London TDM

Project Management Training Courses

Course Venue: Malaysia - Kuala Lumpur

Course Date: From 09 November 2025 To 13 November 2025

Course Place: Royale Chulan Hotel

Course Fees: 6,000 USD

Introduction

The "Digital Transformation Project Leadership" course is designed to equip professionals with the knowledge and skills needed to effectively lead digital transformation projects. Over five days, participants will learn about strategic planning, change management, technology adoption, and leadership skills critical to successful digital transformation initiatives. Participants will engage in discussions, interactive activities, and case studies to foster a deep understanding of digital transformation leadership.

Objectives

- Understand the fundamental principles of digital transformation.
- Acquire skills for effective change management in digital projects.
- Develop strategies for technology adoption and integration.
- Learn to align digital transformation initiatives with business objectives.
- Enhance leadership capabilities to drive successful project outcomes.

Course Outlines

Day 1: Introduction to Digital Transformation

- Definition and scope of digital transformation.
- Key drivers and trends in the digital economy.
- Role of leadership in digital transformation projects.
- Case studies of successful digital transformation.
