

London TDM

Oil and Gas Industry Training Courses

Course Venue: United Kingdom - London

Course Date: From 17 May 2026 To 21 May 2026

Course Place: London Paddington

Course Fees: 7,500 USD

Introduction

The oil and gas industry is heavily regulated and often operates across multiple jurisdictions, necessitating a keen understanding of legal and contractual frameworks. This comprehensive 5-day course is designed to equip professionals with the knowledge needed to navigate the complex legal and contractual landscapes of the oil and gas sector. Participants will gain insights into regulatory requirements, contract negotiation strategies, risk management, and dispute resolution practices specific to the industry.

Objectives

- Understand the legal framework governing the oil and gas industry.
- Identify key contractual elements and structures used in the sector.
- Develop negotiation strategies for oil and gas contracts.
- Learn to manage risks and resolve disputes effectively.
- Enhance ability to navigate cross-border legal challenges.

Course Outlines
