# Civil and Construction Engineering Training Courses

**Course Venue:** United Kingdom - London

**Course Date:** From 17 May 2026 To 21 May 2026

**Course Place:** London Paddington

**Course Fees:** 7,500 USD

## Introduction

This 5-day course on "Construction Risk and Dispute Resolution" aims to equip professionals with the knowledge and skills required to effectively manage risks and resolve disputes in construction projects. Through interactive sessions and practical case studies, participants will gain a deep understanding of the various dimensions of risk and learn strategies for early dispute resolution to ensure project success.

- Understand the fundamentals of construction risk management.
- Identify common sources of construction disputes.
- Learn techniques for effective risk assessment and mitigation.
- Explore resolution strategies including negotiation, mediation, and arbitration.
- Sharpen skills in contract management to prevent disputes.
