

London TDM

# Artificial Intelligence and Data Science Training Courses

**Course Venue:** United Kingdom - London

**Course Date:** From 03 May 2026 To 07 May 2026

**Course Place:** London Paddington

**Course Fees:** 7,500 USD

## Introduction

This 5-day professional course titled "AI in Finance and Investment Analysis" is designed to provide participants with the necessary knowledge and skills to leverage artificial intelligence in financial and investment contexts. Throughout the course, attendees will explore various AI methodologies and tools, analyze their applications in the finance industry, and evaluate real-world use cases to effectively incorporate AI technologies in investment strategies.

## Objectives

- Understand the fundamental concepts of AI and its relevance to finance.
- Explore AI tools and technologies used in financial analysis and decision-making.
- Analyze AI-driven investment strategies and their implications.
- Evaluate risks and ethical considerations associated with AI in finance.
- Develop skills to apply AI solutions to real-world finance challenges.
