London TDM

Information Technology and Digital Transformation Training Courses

Course Venue: United Arab Emirates - Dubai

Course Date: From 31 May 2026 To 04 June 2026

Course Place: Downtown Dubai

Course Fees: 5,000 USD

Introduction

In today's dynamic business environment, effective IT Governance, Risk, and Compliance (IT GRC) are critical components for ensuring successful IT management and operational resilience. This 5-day professional course is designed to equip participants with the knowledge and skills needed to implement IT GRC frameworks, manage risks effectively, and ensure compliance with relevant regulations and standards. Through interactive sessions, case studies, and practical exercises, participants will gain a comprehensive understanding of IT GRC principles and best practices.

Objectives

- Understand the fundamentals of IT Governance and its impact on organizational performance.
- Identify and assess IT risks and implement appropriate risk management strategies.
- Recognize the importance of compliance with legal, regulatory, and industry standards.
- Learn how to develop and implement an effective IT GRC framework.
- Enhance decision-making skills through a structured approach to IT GRC.

Course Outlines

Day 1: Introduction to IT Governance
