Introduction

Welcome to the "Digital and Social Media Selling" course. This comprehensive, five-day course is designed to equip professionals with the essential skills and knowledge needed to effectively sell products and services in the digital age. Through a series of interactive sessions, participants will learn how to leverage various digital platforms and social media tools to reach new audiences, engage with potential customers, and boost sales performance.

Objectives

- Understand the fundamentals of digital selling and its importance in today's market.
- Learn how to identify and engage target audiences on social media platforms.
- Develop strategies to create effective digital sales funnels.
- Gain practical skills in utilizing social media tools for sales conversion.
- Measure and analyze sales performance using digital metrics.
