

London TDM

Administration and Office Management Training Courses

Course Venue: United Kingdom - London

Course Date: From 23 November 2025 To 27 November 2025

Course Place: London Paddington

Course Fees: 6,000 USD

Introduction

In today's fast-paced work environment, ensuring that office layouts are efficient and ergonomically sound is crucial for enhancing productivity and employee well-being. This 5-day professional course, "Office Layout and Ergonomics," will delve into the principles of designing workspaces that promote comfort, health, and efficiency. Participants will gain practical knowledge on how to assess and improve office ergonomics, learn about the latest trends in office design, and understand the impact of layout on employee satisfaction and performance.

- Understand the fundamentals of office ergonomics and layout design.
- Identify ergonomic risk factors and learn strategies to mitigate them.
- Learn to create office layouts that enhance productivity and collaboration.
- Gain the ability to assess and improve existing office environments.
- Stay updated with the latest trends and technologies in ergonomic office design.
