

London TDM

Legal and Contracts Management Training Courses

Course Venue: Malaysia - Kuala Lumpur

Course Date: From 26 October 2025 To 30 October 2025

Course Place: Royale Chulan Hotel

Course Fees: 6,000 USD

Introduction

This 5-day professional course is designed to provide participants with a comprehensive understanding of FIDIC Contracts, their principles, and practical applications in the construction industry. Participants will learn about the core aspects of FIDIC standards, explore contract management strategies, and gain insights into problem-solving within the framework of FIDIC. Through case studies and interactive sessions, attendees will enhance their ability to apply FIDIC contracts effectively in real-world projects.

Objectives

- Understand the structure and purpose of FIDIC contracts.
- Identify the key components and terms of FIDIC contracts.
- Apply FIDIC principles to various contract scenarios.
- Manage contract administration and dispute resolution effectively.
- Enhance negotiation skills within the context of FIDIC contracts.

Course Outlines

Day 1: Introduction to FIDIC Contracts

- Overview of FIDIC and its role in the construction industry
- Types of FIDIC contracts: Red Book, Yellow Book, Silver Book, and others
- Key features and differences among FIDIC contract types
