Security Management and Risk Protection Training Courses

Course Venue: Malaysia - Kuala Lumpur

Course Date: From 29 March 2026 To 02 April 2026

Course Place: Royale Chullan Hotel

Course Fees: 6,000 USD

Introduction

This 5-day professional course on "Insider Threats and Behavioral Indicators" is designed to equip professionals with the knowledge and skills needed to identify, mitigate, and manage insider threats within an organization. Through a combination of theoretical understanding and practical exercises, participants will gain insights into the behavioral indicators of insider threats, risk management strategies, and best practices for implementing effective security policies.

- Understand the concept and scope of insider threats.
- Identify behavioral indicators associated with insider threats.
- Learn to assess and mitigate risks effectively.
- Develop strategies for managing insider threats in various environments.
- Implement best practices for creating a security-aware organization.
